Mayor Hetzler Says Other Needs Must Come First

RODHOUSE GIVES REPLY

Saving Would Be Half Original Cost

A water softener for Columbia can be provided by one of two means, Mayor W. J. Hetzler said at a luncheon of the League of Women Voters at Harris' today—by a bond issue or by a raise in the water rates. "I am not opposed to a water softener," he said. "It is a luxury and something that we will have sometime, but there are other things that we need more at present." He nam-ed two needs which he said were to be considered before a water soft-ener—the installation of a larger turbine, and garbage disposal.

"Whatever the people want, I want them to have." Mayor Hetzler said.
